## BRITISH CASUALTIES

33,694 LAST WEEK

A Falling Off from Two Previous Weeks,  
Which Reflects Lull in the Fighting  
Which Ended in April.

London, May 29.—British casualties  
reported in the past week ending yesterday  
reached a total of 33,694. They are di-  
vided as follows:

Killed or died of wounds: Officers, 168;  
men, 3,527.

Wounded or missing: Officers, 735;  
men, 29,264.

The total for last week was 36,677,  
and for the week before 41,412, the largest  
of any week since the beginning of the  
German offensive. The falling off in the  
totals reflects the lull in the fighting  
between the attack which ended in April  
and the one now beginning.

## SHOT DOWN ENEMY BIPLANE.

American Aviator, Mile Above Ground,  
Engaged Four German Machines.

With the American Army in France,  
Monday, May 27. (By the Associated  
Press.)—In a battle in the air above  
an American pursuit plane to-day shot  
down an enemy biplane about Essey,  
within the German lines on the Tou-  
lon front. The American aviator, with two  
comrades, engaged two German mono-  
planes and two biplanes. He maneuvered  
about the enemy for several minutes, fir-  
ing with his machine gun until one of the  
wings of the German plane dropped off,  
the machine crumpled and fell to the earth.

## DEFICIENCY BILL PASSES SENATE.

Measure Carrying \$123,000,000 Now Goes  
to the President.

Washington, May 29.—The Senate yes-  
terday passed the urgency deficiency bill  
carrying \$123,000,000, including \$60,000,  
000 for housing government war work-  
ers. The bill has been passed by the  
House.

## SPRING AILMENTS

Relieved by a Good Medicine—Forty  
Years of Success.

People still take Hood's Sarsaparilla  
because it is an old family friend, has  
proved its merit to three generations—in  
purifying and enriching the blood, expell-  
ing humors, restoring appetite, relieving  
rheumatism, and banishing that tired  
feeling so common at this time of year.  
Hood's Sarsaparilla is the standard  
spring medicine, blood purifier and gen-  
eral tonic. It originated in a well-known  
Boston physician's successful prescrip-  
tion, and combines medicinal roots, barks,  
herbs and berries such as are often pre-  
scribed for ailments of the blood, stom-  
ach, liver and kidneys. Buy it in the  
same style package as that in which  
your mother bought it—same good formu-  
la, same fine appearance, same pleasant  
taste, same certainty of good results.  
Your druggist knows how much satis-  
faction this good medicine has given.—

## GERMAN FUR BARONS BEING ELIMINATED

Leipzig Representatives in the United  
States Are Being Forced Out of  
Business by United States  
Government.

Washington, D. C., May 29.—Another  
tenacious of German control in American  
industry has been severed by A. Mitchell  
Palmer, the alien property custodian.  
Under arrangements now being com-  
pleted between the custodian and the  
Fur Merchants' Credit association of New  
York City, the interests of the German  
fur barons of Leipzig will be purchased  
by American merchants and the money  
paid turned into the United States treas-  
ury to be held until the end of the war  
for the Germans involved.

In announcing to-day the forced re-  
tirement of German interests in the in-  
dustry, Mr. Palmer said even rough es-  
timates of the enemy holdings cannot  
be made until all the fur dealers have re-  
ported balances due the Germans.

"It may be stated, however," said the  
custodian, "that the negotiations just  
completed will root out forever the last  
German dollar invested in the fur busi-  
ness in this country, turn loose the  
American furrier from the control of the  
Leipzig cabal and establish a great new  
industry here in America."

"Some of the larger firms which have  
already readjusted their holdings under  
the agreement of the government are  
Theodor Thorpe company, Gaudig &  
Blum and M. S. Elias, Jr., Inc., among  
the best known fur houses on this side  
of the Atlantic. Many others are in  
process of readjustment, including Otto  
Erler company, Fuchs & company, Inc.,  
and Eisenbach Brothers."

"Before the war the trade of American  
furriers was practically nothing but a  
collecting and shipping agency for the  
Germans. Almost every pel taken by  
American trappers had to go to Leipzig  
before it could be sold. Leipzig dressers  
and dyers were the best in the world.  
None could compete with them. Al-  
though London was the world's market,  
by reason of the pioneer work of the old  
Hudson Bay company and far-sighted  
English commission houses, three-quar-  
ters of the fur shipped to London from  
America, Russia and even China went  
after the auctions, direct to Leipzig for  
dressing and dyeing."

"At Leipzig each year after the fur  
was prepared and the German merchants  
had fixed the price for that year, Amer-  
icans were allowed to purchase as much  
as three-fifths of the entire fur produced  
for manufacture into garments, although  
in so doing they were forced to pay the  
original cost, plus the expense of dressing  
and dyeing, plus a handsome profit for  
the Germans, plus a 30 per cent duty be-  
cause the furs had to be sent to Leipzig,  
where they had never been before.

"When the war is over," Mr. Palmer  
concluded, "Germany will again buy  
American furs, but this time they will be  
bought in the American market this time,  
from American firms, and they will be  
American dressed and dyed and prepared  
for European consumption. The unna-  
tural trade conditions which forced Amer-  
icans to ship certain furs abroad, to buy  
them back and to reship them to Amer-  
ica will have disappeared, and Germany  
will be the loser."

Mr. Palmer said American fur dyeing  
houses now are operating in New York  
and that in St. Louis the attempt has  
been made successfully to dye seal skins,  
which previously had never been done  
outside of Leipzig and London. Fur auc-  
tions also have been undertaken suc-  
cessfully both in St. Louis and New York.

"The war is over," Mr. Palmer  
concluded, "Germany will again buy  
American furs, but this time they will be  
bought in the American market this time,  
from American firms, and they will be  
American dressed and dyed and prepared  
for European consumption. The unna-  
tural trade conditions which forced Amer-  
icans to ship certain furs abroad, to buy  
them back and to reship them to Amer-  
ica will have disappeared, and Germany  
will be the loser."

## OPPOSES REPEAL OF

POSTAL INCREASE

Majority Leader Kitchin Alleges Postal  
Lobby Is Back of Proposed Re-  
venue Measure.

Washington, May 29.—Speaking in the  
House yesterday on the revenue situa-  
tion, Majority Leader Kitchin expressed  
the belief that "one of the shrewd-  
est and most powerful lobbies" that  
ever came to Congress is back of  
the movement for tax legislation at this  
time. He declared the lobby had for its  
purpose the repeal of the increase on sec-  
ond-class postal matter.

The House was warned by Mr. Kitchin  
that when the time comes for the bill  
to go into conference, it will be shown that  
the influential lobby will agree to all  
provisions, but will insist on a repeal of  
the postal rate. He said the president  
and the secretary of the treasury might  
insist that the revenue bill was an im-  
portant war measure, that a minor mat-  
ter should not be allowed to hold up the leg-  
islation and in that way the lobby would  
succeed. He said he was prepared to op-  
pose a repeal of the postal increase.

Norwich Undergraduates to Attend  
Plattsburg.

Forty-five Norwich undergraduates are  
signed to report to the R. O. T. C. camp  
at Plattsburg, June 3, there to receive  
training until July 3. There will be over  
three thousand college students at this  
camp, representing institutions from  
Maine to Florida. The camp will be com-  
manded by Colonel Clarence E. Dentler,  
U. S. A., and he will be assisted by a  
staff of the most able instructors. The  
work of the camp will be largely prac-  
tical, but will be very comprehensive.  
Many practical combat exercises will be  
given. Orders in regard to the equip-  
ment to be used specify that everything  
shall be of the very latest type obtain-  
able.

The students will receive transporta-  
tion to and from the camp, equipment  
(including bedding), sustenance, quarters  
and a clothing allowance of \$9.75, thus  
allowing the men to obtain this month's  
training free from expense to themselves.

## BEEF STOCK PRICES UP.

New High Record for Choice Heavy  
Steers at Brighton Market.

Brighton, Mass., May 29.—Beef stock  
prices turned up again at the Bright-  
on stockyards yesterday, new high re-  
cords being made for choice heavy cattle,  
cows and heifers also bringing very high  
prices. Calves were also very firm, hogs  
along being lower.

Two pairs of steers from the north  
averaged 2,000 pounds, and were the best  
seen at the yards for months. Bids of  
16c were turned down by the shippers,  
but the actual selling price was with-  
held. This, of course, was an extreme,  
average tops selling at 14@15c, good cattle  
at 11@13c and light at 9@10c. Choice,  
fat beef heifers sold at 13c or better,  
and some were quoted up to 14c. Aver-  
age tops sold at 10@13c, good cows at 9  
@10c, ordinary cows at 7@9c, and can-  
ner cows at 6@6½c. Bulls sold at 10  
@11c for the best fat beef stock, and at  
8@9c for average bulls and 7@7½c for  
loggia bulls.

Veals were not much changed from  
last week's quotations, though the mar-  
ket was very firmly held. Fancy small  
lots sold at 16c and upward, bunch lots  
at 15@16c, fair lots at 14@15c, small  
calves at 10@12c and grassers and drink-  
ers at 9@10c.

Hogs were weaker in spite of smaller  
receipts, the market being weather  
making an increase in the shrinkage.  
Best lots were selling yesterday at 17½  
@17¾c, with rough lots at 16@17c.  
Dressed hogs have declined one-half cent  
during the past week, the current quo-  
tation being 22@22½c.

Milk cows are selling fairly well, espe-  
cially for the best milkers. Prices are  
not materially changed, the range being  
as last week, from \$50@57 for ordinary  
milkers, up to \$150@175 for fancy mil-  
kers, and occasionally more for a fancy  
pedigreed cow.

## WHY WOMEN DREAD OLD AGE

Don't worry about old age. Don't worry  
about being in other people's way when you  
are getting on in years. Keep your body in  
good condition and you can be as hale and  
 hearty in your old days as you were when a  
kid, and everyone will be glad to see you.  
The kidneys and bladder are the cause of  
all ailments. Keep them clean and in  
proper working condition. Drive the poisonous  
wastes from the system and avoid acid  
accumulations. Take GOLD MEDAL Haasien  
Oil Capsules periodically, and you will find  
that the system will always be in perfect work-  
ing order. Your spirit will be enlivened, your  
muscles made strong and your face have once  
more the look of youth and health.  
There is one famous brand of Haasien  
Oil Capsules, GOLD MEDAL. There are  
many fakes on the market. Be sure you get  
the original GOLD MEDAL Imported Haasien  
Oil Capsules. They are the only reliable.  
For sale by all first-class druggists.—Adv.

## AMERICANS HAVE STRONG NERVES

Nervousness and Nerve  
Troubles on the Decline

"Nothing wrong but your nerves," is  
a saying that is fast dying out in this  
country. While nerve trouble is no or-  
ganic disease, one of our leading nerve  
specialists remarked: "A man or wom-  
an might better break a leg than have a  
shattered nervous system."

Overwork and worry drain the nerve  
cells of their reserve strength and food,  
and then follows the sleepless night, in-  
digestion, poor appetite, impure blood  
and general nervous breakdown.

The thing to do in such cases no longer  
troubles doctors and their patients,  
who know from their own experience the  
value of Phosphated Iron. They know  
that a few weeks' regular use of this  
nerve food and red blood builder will  
strengthen and brace up the whole nerv-  
ous system, because Phosphated Iron  
gives the tired, hungry, worn-out nerve  
cells phosphates and iron, in a form eas-  
ily and quickly absorbed; as one happy  
user said: "You can almost feel it tak-  
ing hold of the nerves and blood; after a  
short time you feel like a new person;  
life seems a pleasure and worth living  
once again."

In every section where Phosphated  
Iron has been used there has been a big  
decrease of nerve troubles, and it will  
prove a welcome relief to any sufferer.  
You can bank on it for results—it's pure.

To insure physicians and their pa-  
tients getting the genuine Phosphated  
Iron, we have put up in capsules only;  
do not take pills or tablets. Insist on  
capsules.

druggists everywhere.—Adv.

## SOLDIER INSTANTLY KILLED.

Sergeant Sidney W. Babcock of Fort  
Ethan Allen Victim.

Burlington, May 29.—Sergeant Sidney  
W. Babcock, troop B, 310th cavalry, sta-  
tioned at Fort Ethan Allen, was instan-  
tly killed Monday night, when his gun ac-  
cidentally discharged as he was placing  
it on the floor of the guard house, the  
hair trigger exploding the shell and send-  
ing it through the top of his head from the  
jaw.

Babcock didn't know it was loaded.  
He had just returned from investigating  
a rifle shot from one of the guards.

As he entered the guard house he re-  
marked, "Well, that little excitement is  
over with. Now I'll shoot myself."

This was said in a joking spirit.  
That instant he dropped the butt of his  
gun, which had been standing there,  
sharply to the floor.

The concussion released the hair trig-  
ger of the weapon, which was cocked,  
and the 30-calibre bullet went crashing  
through his head, dead coming instantly.  
Sergeant Babcock came from Erie, Pa.  
He had seen five years of army service,  
a part of which was in the famous 4th  
cavalry which had been in Hawaiian  
islands. His record was clean and he  
was one of the most popular men of his  
company.

## WARNING TO PARENTS.

Do Not Accept Statement Young Women  
Have Joined Red Cross.

Boston, May 29.—James Jackson, New  
England manager of the American Red  
Cross, in a statement yesterday advised  
parents of young women who had dis-  
appeared from home not to accept the  
explanation that they had joined the  
organization for war work overseas. The  
notice was made necessary, Mr. Jackson  
said, by reason of the fact that many in-  
quiries had reached headquarters about  
women who left home and had given as  
an excuse that they were going with the  
Red Cross units.

"One investigation showed that none  
of them applied for positions as nurses  
or worked in other capacities," Mr. Jack-  
son said. "Women cannot enter the Red  
Cross service until their parents have been  
consulted and they are otherwise qualified."  
The statement said, "In the first place  
they must be enrolled and certified and  
if accepted the loyalty of each must be  
checked up, vouchers for each must be  
Washington before passports are issued."

## THE CAPE COD CANAL

May Be Purchased and Enlarged by the  
Government.

Washington, May 29.—Purchase of the  
Cape Cod canal and enlargement of the  
channel is under consideration by the  
government. Under agreement passed  
by Congress last year the government is  
empowered to buy the property and a  
committee comprising Secretaries Baker,  
Daniels and Redfield has been working  
on the project.

A special board of engineers will  
report to Secretary Baker within a few  
days on the amount of work necessary  
to enlarge the canal. If purchased, the  
canal probably would be put under the  
railroad administration.

## TO PRESERVE FRUIT.

Stations are Urged for Every City and  
Town in New England.

Boston, May 28.—Establishment of  
stations in every city and town for the  
conservation of surplus fruits and vege-  
tables produced during the summer was  
urged at a conference here to-day of  
food officials from various parts of New  
England. The gathering was called by  
the Massachusetts food administration,  
because of the prospective increase in  
food production in this section and ne-  
cessity for preventing waste. Dehydra-  
tion of products was recommended by  
the speakers representing the United  
States department of agriculture.

## H. C. EMERY RELEASED.

May Soon Be Permitted to Return to the  
United States.

Washington, May 29.—A message from  
Stockholm reaching the state department  
yesterday said that Henry C. Emery,  
former chairman of United States tariff  
commission, had been released from pris-  
on and now was free to go where he  
liked in Germany.

Mr. Emery, it was indicated, might  
soon be permitted to leave Germany.  
He was taken prisoner by the Germans  
when they landed on the island islands.

# Wanted: Your Confidence

In these days of wool short-  
age and uncertain quality you  
should choose your clothes  
dealer with as much care as  
you would select your lawyer.  
Pick out one worthy of your  
confidence.

We'd rather "miss" a sale than  
misrepresent any article. The loss  
of a sale means little to us; the loss  
of your confidence much.

That's one reason why we sell  
Hart Schaffner & Marx clothes;  
we can offer them to our custo-  
mers confident in the knowledge  
that they are exactly as repre-  
sented; best all-wool fabrics; latest  
styles; finest tailoring and finish.  
Our guarantee covers all these  
points.

For young men under 40 here  
is a fine business suit; three but-  
ton sack, slanting pockets. It is  
slightly form tracing; has enough  
flare to make it drape gracefully.  
Come in and see how this model  
looks on you.

## RED CROSS WEEK AT PLAINFIELD.

Summary of the Many Activities Crow-  
ded Into Program.

Plainfield was reported yesterday  
lead Washington county in the Red Cross  
drive, and in fact to lead the state so  
far as general effort is concerned, being  
exceeded in percentage only by a town  
where a large subscription by a wealthy  
man brought up the quota. Great credit  
is due to the newly elected president,  
W. B. Lane, for the plans by which this  
was accomplished and to the alert com-  
mittees which so ably helped to put them  
over. The executive committee having  
the matter in general charge were: Pres-  
ident Lane, Mrs. Bertha Chamberlain  
Kellogg, vice president; Mrs. L. E. For-  
ney, treasurer, and Mrs. Blanche Perrin.

The personal canvass of the town  
raised \$225.16 of the \$260 quota. The  
solicitors were C. B. Story, D. P. Town,  
Inez Betts, Cornelius Wheeler, Mar-  
jorie Cate, Amy Cutler and A. W. Hew-  
itt. Then on Friday evening a concert  
was given by the quartet from Montpel-  
ier and Miss Marion Bickford,  
instructor in voice. Messrs. Fred and  
Douglas Inglis were asked to sing be-  
tween the numbers given by the quartet,  
which they did, accompanied by Mrs.  
Ernest Batcher.

Saturday morning a long parade of  
artistic floats, marching to the music of  
the Marshfield band, pictured Red Cross  
activities. Hans Frederickson was chair-  
man of the parade committee and W. H.  
Martin marshal. In the town hall after  
the parade the Hon. E. W. Simonds, com-  
missioner of industries, gave a masterly  
review and analysis of the war situation.  
A dinner in Odd Fellows' hall, in charge  
of Mrs. Hans Frederickson, cleared \$51.  
All the afternoon the town hall was  
crowded and vaudeville entertainment  
alternated with the auctioning of valu-  
ables given to the Red Cross. Mrs. Ma-  
jor Gault was chairman of the auction  
committee and Verne Hudson auctioneer.  
The proceeds of this were \$116. The en-  
tertainment was furnished by Bruce Mc-  
Donald, George Milo, George McKee and  
Herman D. Hopkins, all of Montpelier.

Mrs. W. H. Martin was chairman of  
the committee which sold \$51.35 worth of  
ice cream during the bazaar. Miss Maude  
Batchelder headed the flower committee,  
which not only raised \$8, but furnished  
beautiful flowers for hall decorations.  
Particular credit should be given to the  
Plainfield junior high school and to Miss  
Cornelia Wheeler, teacher of home eco-  
nomics, for the activities by which they  
raised nearly a dollar per capita for the  
Red Cross drive. The junior Red Cross

## BOTH ARMS BROKEN.

Woman in Auto Party Badly Hurt and  
Man Had Teeth Knocked Out.

St. Johnsbury, May 29.—An automob-  
ile accident occurred at St. Johnsbury  
Center Monday afternoon, when Luke  
Farrar of Lyndonville ran into an iron  
bridge, failing to make a turn quick  
enough. Mrs. Whitney of the same place,  
who was with Mrs. Farrar on the back  
seat, was very badly hurt, besides having  
both arms broken, and Fernal Land, who  
was with Mr. Farrar on the front seat,  
received a blow in the mouth, which  
knocked his teeth out and cut his mouth  
badly. Mr. and Mrs. Farrar were both  
badly shaken up and received bruises  
about the face, but nothing serious.

Chittenden county jail has almost  
reached a record for the small number  
of prisoners. Monday night there were  
but four people there, three of them be-  
ing girls.
